To: Maria Hutson <marlingfordandcoltonpc@gmail.com>, John Morse <johnmorse1952@gmail.com>

Good afternoon,  
Hope you are well.

I thought these may be useful for this evenings meeting, this is the quote for replacement timbers at Marlingford.

As you can see delivery makes up a large chunk of the cost due to its length requiring a double pallet. The company however is based in Wisbech so to lower the cost I propose that I would collect from their premises. The journey would take roughly 1.5 hours each way with a trailer so to cover my time and fuel I'd look to charge £80, this would also save any issues on me waiting around to accept delivery.

The cost to install would be £20.

This would bring my charges to £100 and materials to £141.60 (including VAT) and £118 if you are able to order yourselves and claim the VAT back.

Currently the lead time is about 2 weeks.

If you have any questions please get in touch.

Many thanks,  
Best wishes,  
Justin
