Ad-hoc glass/ rubbish clearance at the Colton recycling point would be carried out at a rate of between £5 to £15 dependant on time of year. This would cost less if carried out during the mowing season (on a regular visit) and more if requiring a special trip outwith a regular maintenance visit.

This assumes a small amount which needs to be tidied, if large amounts of rubbish were abandoned or large quantities of glass smashed then a price would need to be discussed at the time.

Theses prices are based on my up to date rates and as costs are unlikely to decrease over the next 3 years I'd like to offer this annual rate to continue for the next 3 years.

If you have any questions or would like to discuss further then please do get in touch,

Many Thanks,

Kind regards,

Justin
